SUMMARY

As a fresher Java developer, I have a strong foundation in Java programming, SQL, and Java 8. I am also familiar with HTML and CSS for front-end development. With a passion for software development, I am eager to apply my skills and learn from experienced professionals in the industry. I am a detail-oriented individual ready to contribute and grow in a Java development role.

EDUCATION

Masters of Computer Science

Thiruvalluvar University

📅 2020 - 2022   📍 Tiruvannamalai

CGPA
7.5 / 10

Bachelor of Computer Science

Periyar University

📅 2016 - 2019   📍 Barugur

CGPA
7.18 / 10

ACADEMIC PROJECT

Cyberbullying Detection on Social Media

📅 2021 - 2022   📍 Vellore

cyberbullying Detection on Social Networks using Machine Learning Approaches Description:

- Cyberbullying is different from conventional harassment but equally tormenting, with severe and prolonged consequences.
- Cyberbullying is different from conventional harassment but equally tormenting, with severe and prolonged consequences.
- Cyberbullying takes various forms, and the detection problem can be broken down into identifying sensitive topics and performing text classification.
- This paper presents supervised learning methods for detecting cyberbullying, using a dataset of 4500 YouTube comments and applying classifiers.
- Feature extraction techniques are proposed to identify offensive comments aimed at peers, which are perceived negatively and contribute to cyberbullying.

STRENGTHS

👥 **efficient communication in the Workplace**

⚙️ **Resposibilities**
- Duties unique to your organization.
- Day-to-day activities of the position.
- Disciplining

DECLARATION

I hereby declare that the above-mentioned details are true to the best of my knowledge and belief.

TECHNICAL SKILLS

Core Java   Data Structures

Object-oriented programming (OOP)

SQL   Spring framework   HTML

CSS   Eclipse   J2EE   Github

Knowledge in Python   JSP/Servlet

Requirements analysis

Software development life cycle (SDLC)

Problem-solving

ADDITIONAL SKILLS

- Knowledge of object-oriented programming concepts
- Understanding of data structures and algorithms
- Basic understanding of web development concepts (HTML, CSS, JavaScript)
- Understanding of relational databases and SQL queries
- Strong analytical and problem-solving skills
- Continuous learning mindset and willingness to stay updated with industry trends
- Familiarity with Python programming language
- Understanding of Python syntax and core concepts

CERTIFICATION

Completed internship Training during the period of 9th Feb 2023 to 17th May 2023 in Maasmind Institute.

LANGUAGES

English   Proficient

Tamil   Native

Kannada   Intermediate
